

# FIELD INSPECTION REPORT

| Date of Inspection :   | 02/12/2020                                                                                                           | District:                | Urapa Lepang |
|------------------------|----------------------------------------------------------------------------------------------------------------------|--------------------------|--------------|
| Division :             | Mathia                                                                                                               | Length (km):             | 10.60 km.    |
| Name of the Road:      | Narkatua Phayon                                                                                                      |                          |              |
| Scheme/Programme:      | MAINTENANCE                                                                                                          |                          |              |
| Package No.:           |                                                                                                                      | Road Id No.:             |              |
| Status of the Project: | Ongoing/Completed/Under Maintenance                                                                                  |                          |              |
| Work is a case of:     | New Connectivity/Up gradation/ Maintenance                                                                           |                          |              |
| Sl. No.                | Parameters to be checked                                                                                             | Remarks                  |              |
| 1.                     | Pavement                                                                                                             | S/U U                    |              |
| a)                     | Road Junction condition                                                                                              | S/U U                    |              |
| b)                     | Condition of Surfacing                                                                                               | S/U S                    |              |
| c)                     | Riding Quality                                                                                                       | S/U S                    |              |
| d)                     | Road Camber                                                                                                          | S/U S                    |              |
| e)                     | Whether free from defects such as visible cracks, exposed aggregates in case of CC Pavement.                         | Yes/No <del>No</del> A   |              |
| f)                     | Contraction Joints provided or not (CC Pavement)                                                                     | Yes/No <del>No</del> A   |              |
| g)                     | Compaction of flank/slope & raincuts if any                                                                          | Yes/No <del>No</del> B   |              |
| 2.                     | Cross Drainage                                                                                                       |                          |              |
| a)                     | Condition of head walls in Hume pipe culverts including its painting                                                 | S/SRI/U <del>No</del> A  |              |
| b)                     | Condition of Abutment & Wing walls, Slab in RCC culverts                                                             | S/SRI/U <del>No</del> A  |              |
| c)                     | Condition of railings/slab/approach for Bridges                                                                      | S/SRI/U <del>No</del> A  |              |
| 3.                     | Road Furniture                                                                                                       |                          |              |
| a)                     | Whether sign boards/informatory/cautionary Board/km & 200m stones/Pavement road markings are provided and maintained | Yes/No <del>No</del> Yes |              |
| 4.                     | Compliance History                                                                                                   |                          |              |
| a)                     | Status of ATR's & any others                                                                                         | Not any                  |              |

Overall Rating :

|                                             |   |
|---------------------------------------------|---|
| Satisfactory (S)                            |   |
| Satisfactory but requires Improvement (SRI) |   |
| Unsatisfactory (U)                          | U |
