

# FIELD INSPECTION REPORT

| Date of Inspection : 03/12/2020                               |                                                                                                                 | District: Rohtag     |  |
|---------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|----------------------|--|
| Division : Balerang                                           |                                                                                                                 | Length (km): 2.39 km |  |
| Name of the Road: Aru-Sasaram Pw Road to Keshodh Path         |                                                                                                                 |                      |  |
| Scheme/Programme: MAINTENANCE                                 |                                                                                                                 |                      |  |
| Package No.:                                                  |                                                                                                                 | Road Id No.:         |  |
| Status of the Project: Ongoing/Completed/Under Maintenance    |                                                                                                                 |                      |  |
| Work is a case of: New Connectivity/Up gradation/ Maintenance |                                                                                                                 |                      |  |
| Sl. No.                                                       | Parameters to be checked                                                                                        | Remarks              |  |
| 1.                                                            | Pavement                                                                                                        |                      |  |
| a)                                                            | Road Junction condition                                                                                         |                      |  |
| b)                                                            | Condition of Surfacing                                                                                          | S/U                  |  |
| c)                                                            | Riding Quality                                                                                                  | S/U                  |  |
| d)                                                            | Road Camber                                                                                                     | S/U                  |  |
| e)                                                            | Whether free from defects such as visible cracks, exposed aggregates in case of CC Pavement.                    | S/U                  |  |
| f)                                                            | Contraction Joints provided or not (CC Pavement)                                                                | Yes/No               |  |
| g)                                                            | Compaction of flank/slope & raincuts if any                                                                     | Yes/No               |  |
| 2.                                                            | Cross Drainage                                                                                                  | Yes/No               |  |
| a)                                                            | Condition of head walls in Hume pipe culverts including its painting                                            | S/SRI/U              |  |
| b)                                                            | Condition of Abutment & Wing walls, Slab in RCC culverts                                                        | S/SRI/U              |  |
| c)                                                            | Condition of railings/slab/approach for Bridges                                                                 | S/SRI/U              |  |
| 3.                                                            | Road Furniture                                                                                                  |                      |  |
| a)                                                            | Whether sign boards/informatory/cautionary Board/km & stones/Pavement road markings are provided and maintained | 200m Yes/No          |  |
| 4.                                                            | Compliance History                                                                                              |                      |  |
| a)                                                            | Status of ATR's & any others                                                                                    |                      |  |

Overall Rating :

|                                             |   |
|---------------------------------------------|---|
| Satisfactory (S)                            |   |
| Satisfactory but requires Improvement (SRI) | S |
| Unsatisfactory (U)                          |   |
