

# FIELD INSPECTION REPORT

| Date of Inspection: 07.12.2020                                                 |                                                                                                                      | Project: 3054           |     |
|--------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------|-------------------------|-----|
| Division: BANKA-2                                                              |                                                                                                                      | Length (km): 1.25       |     |
| Name of the Road: Dhovaiya Sanhaua Road To Fatuchak                            |                                                                                                                      |                         |     |
| Scheme/Programme: MAINTENANCE, M/R (old) 3054                                  |                                                                                                                      | Road Id No: 20703608035 |     |
| Status of the Project: Ongoing/Completed/Under Maintenance, one of maintenance |                                                                                                                      |                         |     |
| Work is a case of: New Connectivity/Up gradation/ Maintenance                  |                                                                                                                      |                         |     |
| Sl. No.                                                                        | Parameters to be checked                                                                                             | Remarks                 |     |
| 1.                                                                             | Pavement                                                                                                             |                         |     |
| a)                                                                             | Road Junction condition                                                                                              | S/U                     | N/A |
| b)                                                                             | Condition of Surfacing                                                                                               | S/U                     | N/A |
| c)                                                                             | Whether free from defects such as visible cracks, exposed aggregates in case of CC Pavement.                         | Yes/No                  | N/A |
| d)                                                                             | Road Camber                                                                                                          | S/U                     | N/A |
| e)                                                                             | Compaction of flank/slope & raincuts if any                                                                          | Yes/No                  | N/A |
| 2.                                                                             | Cross Drainage                                                                                                       |                         |     |
| a)                                                                             | Condition of Abutment & Wing walls, Slab in RCC culverts                                                             | S/SRI/U                 | N/A |
| b)                                                                             | Condition of railings/slab/approach for Bridges                                                                      | S/SRI/U                 | N/A |
| c)                                                                             | Whether sign boards/informatory/cautionary Board/km & 200m stones/Pavement road markings are provided and maintained | Yes/No                  | N/A |
| 3.                                                                             | Compliance History                                                                                                   |                         |     |
| a)                                                                             | Status of A/R & any other                                                                                            |                         |     |

Overall Rating :

|                                             |  |
|---------------------------------------------|--|
| Satisfactory (S)                            |  |
| Satisfactory but requires Improvement (SRI) |  |
| Unsatisfactory (U)                          |  |
