

# FIELD INSPECTION REPORT

|                                                 |                                            |
|-------------------------------------------------|--------------------------------------------|
| Date of Inspection : 28/12/2024                 | District: Sivasagar                        |
| Division : Sivasagar                            | Length (km): 1.050 KM                      |
| Name of the Road: Dharampur yadav to Dhaka Tola |                                            |
| Scheme/Programme:                               | MAINTENANCE                                |
| Package No.:                                    | Road Id No.:                               |
| Status of the Project:                          | Ongoing/Completed/Under Maintenance        |
| Work is a case of:                              | New Connectivity/Up gradation/ Maintenance |

| Sl. No.                   | Parameters to be checked                                                                                             | Remarks                                                                                             |
|---------------------------|----------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|
| <b>Pavement</b>           |                                                                                                                      |                                                                                                     |
| a)                        | Road Junction condition                                                                                              | S/U                                                                                                 |
| b)                        | Condition of Surfacing                                                                                               | S/U                                                                                                 |
| c)                        | Riding Quality                                                                                                       | S/U                                                                                                 |
| d)                        | Road Camber                                                                                                          | S/U                                                                                                 |
| e)                        | Whether free from defects such as visible cracks, exposed aggregates in case of CC Pavement.                         | Yes/No                                                                                              |
| f)                        | Contraction Joints provided or not (CC Pavement)                                                                     | Yes/No                                                                                              |
| g)                        | Compaction of flank/slope & raincuts if any                                                                          | Yes/No                                                                                              |
| <b>Cross Drainage</b>     |                                                                                                                      |                                                                                                     |
| a)                        | Condition of head walls in Hume pipe culverts including its painting                                                 | S/SRI/U                                                                                             |
| b)                        | Condition of Abutment & Wing walls, Slab in RCC culverts                                                             | S/SRI/U                                                                                             |
| c)                        | Condition of railings/slab/approach for Bridges                                                                      | S/SRI/U                                                                                             |
| <b>Road Furniture</b>     |                                                                                                                      |                                                                                                     |
| a)                        | Whether sign boards/informatory/cautionary Board/km & 200m stones/Pavement road markings are provided and maintained | Yes/No                                                                                              |
| <b>Compliance History</b> |                                                                                                                      |                                                                                                     |
| a)                        | Status of ATR's & any others                                                                                         | Relevelling of aggregate in some places affected of culvert is broken. Abutment in 2024 is expanded |

Overall Rating :

|                                             |     |
