Road Furniture			a) Whether sign boards/informatory/cautionary Board/km & 200m stones/Pavement road markings are provided and maintained	Yes/No	4.	4. Compliance History			a) Status of ATR's & any others	
Sl No.	Parameters to be checked	Remarks																																															
1.	1. Road Junction condition	S/U																																															
	a) Condition of Surfacing	S/U																																															
	b) Riding Quality	S/U																																															
	c) Road Camber	S/U																																															
	d) Whether free from defects such as visible cracks, exposed aggregates in case of CC Pavement.	Yes/No																																															
	e) Contraction Joints provided or not (CC Pavement)	Yes/No																																															
	f) Compaction of flank/slope & raincuts if any	Yes/No																																															
2.	2. Cross Drainage																																																
	a) Condition of head walls in Hume pipe culverts including its painting	S/SRI/U																																															
	b) Condition of Abutment & Wing walls, Slab in RCC culverts	S/SRI/U																																															
	c) Condition of railings/slab/approach for Bridges	S/SRI/U																																															
3.	3. Road Furniture																																																
	a) Whether sign boards/informatory/cautionary Board/km & 200m stones/Pavement road markings are provided and maintained	Yes/No																																															
4.	4. Compliance History																																																
	a) Status of ATR's & any others																																																

Overall Rating

Satisfactory (S)	N/A
Satisfactory but requires Improvement (SRI)	
Unsatisfactory (U)	

Note! Work in Progress
