# ABSTRACT OF COST

Sch. XLV Form No. 134

| Particulars                                                                                | Details of actual measurement |    |    |    | Contents of area |
|--------------------------------------------------------------------------------------------|-------------------------------|----|----|----|------------------|
|                                                                                            | No.                           | L. | B. | D. |                  |
| Date of Entry :- 16.02.22                                                                  |                               |    |    |    |                  |
| ① Construction of reference and working benchmark -- E/L                                   |                               |    |    |    |                  |
| Qty. wide P-1 item ① = 0.720 Km                                                            |                               |    |    |    |                  |
| Rs 3742 = 26/km -- Rs 2694 =                                                               |                               |    |    |    |                  |
| ② Construction of reference pillar -- as per spec                                          |                               |    |    |    |                  |
| Qty. wide P-1 item ② = 0.720 Km                                                            |                               |    |    |    |                  |
| Rs 1699 = 17/km -- Rs 1223 =                                                               |                               |    |    |    |                  |
| ③ clearing and grubbing                                                                    |                               |    |    |    |                  |
| road land -- as per spec                                                                   |                               |    |    |    |                  |
| Qty. wide P-2 item ③ = 0.50 Hectare                                                        |                               |    |    |    |                  |
| Rs 50998 = 20/Hectare -- Rs 25499 =                                                        |                               |    |    |    |                  |
| ④/⑤ Construction of embankment with sand material obtained from borrow pits -- as per spec |                               |    |    |    |                  |
| By initial level & lift                                                                    |                               |    |    |    |                  |
| Qty. wide P-3 item 4 (i) = 1575.00 m <sup>3</sup>                                          |                               |    |    |    |                  |
| Rs 154 = 58/m <sup>3</sup> -- Rs 243464 =                                                  |                               |    |    |    |                  |
| ⑤ Construction of embankment with sand by 1000 m level -- E/L                              |                               |    |    |    |                  |
| Qty. wide P-3 item 4 (i) = 675.00 m <sup>3</sup>                                           |                               |    |    |    |                  |
| Rs 192 = 03/m <sup>3</sup> -- Rs 129620 =                                                  |                               |    |    |    |                  |
| Continuation                                                                               |                               |    |    |    |                  |
|                                                                                            |                               |    |    |    | Rs 402500 =      |
