IMPORTANT: As per the Income Tax Act, 1961, every person who receives income on which TDS is deductible shall furnish his PAN, failing which TDS shall be deducted at applicable rates as per prevailing deductibility guidelines for domestic deposits and for NRO deposits.

22. In terms of the guidelines, TDS shall be calculated (partially or completely), the interest rate which is available to the customers at branches upon request. (2) Depositor(s) can opt for giving upto renewal instruction any time before the maturity date, wherein the entire maturity proceeds shall be automatically renewed from the maturity date for a period equal to original tenure of the FD at the prevailing interest rate. (3) Depositor(s) can opt for renewal within 90 days prior or 30 days post the maturity date. Value dating is not applicable for deposits overdue for more than 30 days. Such overdue deposits shall be renewed from the date of institution as per terms and conditions governing FICI Bank Fixed Deposits.

ADDITIONAL STUDY

For an illustration of the "Egg-Cell" theory, please refer to the accompanying diagram. The diagram shows a cross-section of a cell with a nucleus containing a nucleolus. The nucleolus is the site of ribosome production. The rough endoplasmic reticulum (RER) is studded with ribosomes, which are the sites of protein synthesis. The smooth endoplasmic reticulum (SER) is involved in lipid metabolism and detoxification. The Golgi apparatus is responsible for the processing and transport of proteins. The lysosomes are involved in the breakdown of waste materials. The mitochondria are the powerhouses of the cell, producing energy in the form of ATP. The peroxisomes are involved in the breakdown of fatty acids and the detoxification of harmful substances. The cell membrane is the boundary of the cell, controlling the entry and exit of materials. The cell wall is a rigid structure that provides support and protection to the cell. The cytoskeleton is a network of protein fibers that maintains the cell's shape and facilitates the movement of organelles and materials within the cell.

1. If a deposit is pre-maturely withdrawn (either partially or completely), the interest rate payable and the applicable penalty would be calculated based on the Bank's prevailing policy which is available to the customers at branches upon request. (2) Depositor(s) can opt for giving a renewal instruction any point of time before the maturity date, wherein the entire maturity proceeds shall be automatically renewed from the maturity date for a period equal to original period of the FD at the prevailing interest rate. (3) Depositor(s) can opt for renewal within 90 days prior or 30 days post the maturity date. Value dating is not applicable for deposits overdrawing and prior to 30 days after maturity shall be renewed from the date of withdrawal against applicants signature required.
