Re: Submission of GST Impact Report of M/s Amrendra Kumar Pandey vide agreement no. 03/SBD/2018-19

Ref: Our appointment as GST Consultant by Rural Works Department, vide agreement number BRRDA/01/GST Consultancy dated 24.02.2023 and EE, Bikramganj, letter no. 1361 dated 25.08.2023

Respected Sir,

We are appointed to recommend payment of Impact arising on account of roll out of GST and change in taxation structure by analysing claim of contractors as per Scope of Work.

GST Impact Summary			
Agreement No.	Name of Project	GST Impact in Rupees (Original Contract)	GST Impact in Rupees (Escalation)
03/SBD/2018-19	Construction of Amaithi Pahar Tola To Masona Kali Mandir Tola	9,20,029 (Annexure-I)	0.00

DARIYAPUR GOLA ROAD,
NALA ROAD, PATNA - 800004

We are therefore pleased to make our submission of GST Impact Report of M/s Amrendra Kumar Pandey for the following project with reference to the Construction of Amaithi Pahar Tola To Masona Kali Mandir Tola.

With this letter, we would like to draw your attention towards the following facts: -

- 1) The impact being given is for **RA Bill 01 to 04**. GST impact in later RA bills have to be verified and audited on submission of bill by M/s Amrendra Kumar Pandey in future period.

That we have charged fees for entire contract and therefore as and when the new RA bills are submitted, the same should be sent to our office and sent via BRRDA for needful action. That a flat percentage cannot be applied for payment of future claims on RA bills and remaining amount of contract as the material & services components differs on every milestone of payment.

In our capacity as Indirect Consultant to you we therefore request you not to pay any adhoc GST reimbursement in future RA bills submitted as the same may cause loss to public exchequer, if the same is paid without proper analysis and auditing of records. Kindly forward all communication with respect to GST for proper analysis and needful action from our end.

- 2) That the above impact has taken into cognizance that any additional benefit that the contractor is being entitled to due to enactment of GST is passed onto Rural Works Department in terms of anti-profliteering clause in the GST law;
- 3) **Observation on GST claim as submitted by contractor-claimant:**

DARIYAPUR GOLA ROAD,
NALA ROAD, PATNA - 800004

We have gone through the submission made by the Contractor-claimant, and have observed that the contractor has been awarded the contract for construction on 06/12/2018, wherein GST was in force.

From the rate analysis enclosed it has been observed that GST has been considered in the material component only at different applicable rates, and VAT/GST @ 4% has been considered in overhead component based on the RCD SOR Guidelines.

As per the GST law, GST is to be paid on the entire value of contract, however from the rate analysis enclosed it is observed that the GST has been provided only on material component and a provision of 4% has been made in overhead component by the department.

Hence, the contractor-claimant has raised GST claim of **Rs.8,28,021**, due to non-provisioning of GST by the department on the entire value of contract, whereas the contractor submits that the GST has been paid on the entire value of contract as executed by him.

- 1) That the GST Impact calculation is made on the following premise:
 - a) That the above work is a Construction of Amaithi Pahar Tola To Masona Kali Mandir Tola.
 - b) As per section 15 of the CGST and BGST Act, 2017
 - (1) The **value of a supply** of goods or services or both shall be the **transaction value**, which is the **price actually paid or payable for the said supply of goods or services** or both where the supplier and the recipient of the supply are not related and the price is the sole consideration for the supply.
 - (2) The value of supply shall **include**—
 - (a) **any taxes, duties, cesses, fees and charges levied under any law for the time being in force other than this Act**, the State Goods and Services Tax Act, the Union

Territory Goods and Services Tax Act and the Goods and Services Tax (Compensation to States) Act, if charged separately by the supplier;

- (b) any amount that the supplier is liable to pay in relation to such supply but which has been incurred by the recipient of the supply and not included in the price actually paid or payable for the goods or services or both;
- (c) incidental expenses, including commission and packing, charged by the supplier to the recipient of a supply and any amount charged for anything done by the supplier in respect of the supply of goods or services or both at the time of, or before delivery of goods or supply of services;
- (d) interest or late fee or penalty for delayed payment of any consideration for any supply; and
- (e) subsidies directly linked to the price excluding subsidies provided by the Central Government and State Governments

- c) Further, in the BOQ rates of items has been taken from Road Construction department Schedule of rates (mentioned in BOQ). As per guidelines of RCD SOR, there has been inclusion of 4% in the name of VAT in the overhead component, hence in our calculation also 4% in the name of VAT has been reduced and impact has been considered accordingly.
- d) The above said impact is derived by considering the contract as Works Contract as defined U/s 2(119) of the Central Goods and Services Act, 2017 taxable @ 12% (Heading 9954 (iv): Construction service - Composite supply of works contract as defined in clause (119) of section 2 of the Central Goods and Services Tax Act, 2017 other than that covered by items (i), (ia), (ib), (ic), (id), (ie) and (if) above, supplied

DARIYAPUR GOLA ROAD,
NALA ROAD, PATNA - 800004

by way of construction, erection, commissioning, installation, completion, fitting out, repair, maintenance, renovation, or alteration of, -(a) a road, bridge, tunnel, or terminal for road transportation for use by general public;

- e) Therefore, suitable adjustment should be made if there is any amendment in law till the payment is settled under this contract or if there is any departure in the premise mentioned above must be brought to our notice as it may bring deviation in the GST Impact to be passed on to the contractor.
- f) That GST impact is calculated on the basis of all documents and records produced by Contractor and duly verified & audited by us as per our scope of work.

2) That the GST Impact amount indicated in the table above is derived on the basis of the RA Bills submitted before us. Therefore, in any case no excess payment can be made over and above the amount mentioned in the Annexure attached with this letter for completing the project.

3) That we have analysed the embedded taxes in the rate analysis provided to us and the differential tax is computed. The contractor has claimed **Rs. 8,28,021/-** which is within the differential tax amount to be paid. Therefore, we recommend the payment of **Rs. 8,28,021/-**

4) That at any later stage if it is brought to our notice that any fact/figures/calculation which was provided to us the basis of which has been our calculation, is mis-represented and which has a material effect on the above GST Claim amount, then the GST claim amount shall be void ab initio.
